Sponsor an Employee

A seconded employee's salary and benefits continue to be paid by their employer. Day-to-day management is the responsibility of United Way

OR

Provide Financial Support

Financial support of \$15,000 gives United Way the flexibility to hire an individual with specific skills to support our fundraising efforts.

Most importantly, Loaned Representatives will have a great time while making a difference in the lives of thousands in our community because of your organization's commitment.

2017 Loaned Representative Program

The Program

United Way of Saskatoon and Area's Loaned Representative program offers a unique professional, personal and community development experience for your up-and-coming employees - our leaders of tomorrow.

By participating in our program you not only make a meaningful and measureable investment in the community, but you also make an investment in your employee and your business.

"I am thankful to the Saskatoon Health Region for allowing me the opportunity to work as a Loaned Representative for United Way. The 15 weeks went by very quickly and the support of the staff was exceptional.

I took the position because I wanted to give back to the community but, it was actually myself, who gained so much including a more in depth perspective of the needs in our community and services available because of the support of United Way.

I would recommend anyone given the opportunity, to work as Loaned Representative with United Way."

- Mimi Lodoen, Saskatoon Health Region

The Role

Employees loaned to United Way of Saskatoon and Area help to plan, implement, monitor and evaluate workplace fundraising efforts. They are a key resource during the fundraising season and with their help, we can be confident that we are developing and managing relationships that will result in the greatest impact for the community.

Loaned Representatives receive professional training and experience in fundraising, project management, public speaking, communications, negotiation, strategic analysis and planning, as well as improved leadership management and team-building skills.

The Benefits

The Loaned Representative Program will benefit your organization by:

- Developing leaders for your organization who will return with a renewed energy and the benefit of an expanded network;
- Promoting your organization and building relationships in the community; and
- Strengthening the image of your organization as an employer of choice and a socially responsible corporation. We appreciate and value our partnerships and will recognize your contribution on our website, in print, and at appropriate events.
