LOVE**

LOCAL LOVE

Is a feeling of true passion for a strong and thriving community filled with healthy and happy people.

An act of local love can be as simple as saying hello to someone on the street or as exciting as volunteering with your colleagues.

At United Way, we are committed to solving *unignorable* issues by channeling local love to positively impact the lives of vulnerable children, youth and their families through investments in our **three focus areas.**

UNITED WAY HELPS

KIDS BE ALL THAT THEY CAN BE

by focusing on a child's **preparation for kindergarten**; achievement of **grade level reading** and a confident journey toward **independence.**

UNITED WAY MOVES PEOPLE FROM

POVERTY TO POSSIBILITY

by ensuring **basic human needs are met**, individuals attain **stable housing** and families have a **safe place** to call home.

UNITED WAY BUILDS

STRONG COMMUNITIES

by supporting positive **mental health** initiatives; creating a **barrier free** path to services and **connecting people** to their community.
